EDUCATION:

OVERALL CGPA TILL NOW:

⇨ 9.38

10th Percentage:

⇨ Scored 95%

12th Percentage: ⇨

Scored 73.4%

SKILLS:

- Languages:

  HTML, CSS, JAVASCRIPT, CSS, JAVA, C, PYTHON.

- Software Packages:

   Visual studio, AutoCAD.

PROJECT (Research based):

- Pyrolysis Reactor

   I have done a project on Waste Management. There we made a reactor which helps to do pyrolysis of plastic. It converts plastic waste into a raw material. This project was selected for innovate2019.

   >> Basically, it helped me to learn how we work in a team.

   >>Gained leadership skills .

   >>Learned how to work with different kinds of people.
